

Greentest

Greentest ECO 6

Parameter	Specification
Model	ECO6
Nitrate Measurement Range	0 – 9999 mg/kg
TDS Measurement Range	0 – 999 ppm
Background Radiation Measurement Range	0 – 9.99 μ Sv/h
Measurement Error	< 10%
Dimensions	122 × 52 × 14 mm
Weight	90 g
Display Resolution	TFT Color 320 × 240
Battery Capacity	720 mAh lithium battery
Power Supply	USB charger
USB Charging Current	310 mA
Power Supply Voltage Range	5 V
Operating Time	Up to 20 hours
Operating Temperature	0 – 60 °C

✓ **Advanced Radiation Detection** – Upgraded Geiger-Müller tube detects ionizing radiation such as gamma, beta, alpha, X-rays, and cosmic radiation to alert you of unsafe exposure.

✓ **Water Quality Testing** – Measures total dissolved solids (TDS) and water hardness to detect contamination in home purification systems.

✓ **Instant & Accurate Results** – Provides results in just 3 seconds with a margin of error of less than 10%.

✓ **Easy-to-Use Interface** – Color touchscreen display with a user-friendly interface for quick testing of food, water, and the environment.

✓ **Portable & Compact** – Lightweight, small design for easy portability; perfect for on-the-go testing.

✓ **Reliable Customer Support** – Enjoy risk-free purchase with dedicated customer service to ensure quality and durability.
